Office of Protective Services

Reply to Attn of:

TO: Assistant Administrator,
Office of Internal Controls and Management (OICMS)

FROM: Deputy Assistant Administrator for Protective Services

SUBJECT: Request for Requirement Waiver for Security Policy Documents in Review

In accordance with section 3.8.2 of the OICMS Directives Manager Deskguide, the Office of Protective Services (OPS) requests an additional 30 days of official review for the following draft directives:

- NPD 1600 Draft 5, National Security Program Policy
- NPR 1600 Draft 5, Classified National Security Information

Our office requests this waiver as the signature packages are near completion due to ongoing concurrence issues with reviewing organizations.

The OICMS Directives Manager Deskguide, section 3.2.1 states that *"the review period for NPDs is 20 calendar days and the review period for NPRs is 30 calendar days. NPDs must be coordinated in 60 calendar days from start to finish, and NPRs must be coordinated in 90 calendar days from start to finish."*

These directives will exceed this requirement. The directives have been in official review and were previously granted 30-day extension. The directives have yet to enter the executive review phase (OGC and the A-Suite).

We appreciate the courtesy and cooperation extended by your office during this process. The OPS point of contact is Ms. Michele Dodson at 202-358-1049.
