SUBJECT: Request for Waiver to NPR 8705.2, NASA Human-Rating Requirements for Space Systems

The Office of Safety and Mission Assurance requests a second waiver (in accordance with NPR 1400.1) for 60 days to address nonconcurrences in the NASA Online Directives Information System (NODIS) for NPR 8705.2, NASA Human-Rating Requirements for Space Systems. The current date required for the signature package is November 3, 2016. The Office of Safety and Mission Assurance is working with the Human Exploration and Operations Mission Directorate (HEOMD) and Kennedy Space Center (KSC) for a concurrence with the revised document.

We appreciate your organization's support as we work to improve the Safety and Mission Assurance directives.
